Welcome to the Stockton-Delta Amateur Radio Club

**ANNUAL GENERAL MEETING
ANNOUNCEMENT
THURSDAY, JANUARY 10th
7:30 PM**

ANNUAL GENERAL MEMBERSHIP MEETING

**Meeting starts at 7:30 PM
Meet-n-Greet at 7:00 PM**

President's QST: The Newsletter is back and there was a heck of a P-A-R-T-Y

Hello fellow SDARC members and guests.

First let me say I'm sorry that the last few months have flown by and no Flysheet in your mailbox. The best laid plans of mice and hams did not foresee the last couple of months swamp – or sprint - to get through new job at work, new challenges in the shack and a variety of items too boring to list here. Besides, this is about fun, and hobby and ham radio – just like we discourage talking religion, politics or you medical problems on the air, I'm not going to burden you with anything like that here.

What a party! Thursday, December 13th at Chuck's on Pacific! I hope everyone enjoyed the food, the fun, the raffle and the year in review on the big screen! Many thanks to all who worked together to make it a success – Bob N6TCE and his wife Karen K6KSO, Ed N6XMA, Mark W6SXA, Paul N6KZW for his duties as Raffle Master, Paul KC6RRR keeping the finances straight – and Annie, N6ACL whose ideas turned into great decorations on the trees.

2019 is upon us and your new Board is looking for input on training classes you'd like to see in the meetings to come. Some of the monthly training is pre-planned. There is the Annual General Meeting in January where we will set the dues schedule for 2019. **PLEASE DO NOT** pay your dues before the AGM in January. In May we have our prep meeting for Museum Ships Weekend and Field day (June events). In August we have our Transmitter Hunt and BBQ / Pot Luck. Other than that, we'd love to hear your input. We have lots of new members. I'm working on a tour of the 9-1-1 center again next year and other projects. Are we doing enough as club members reaching out to new hams? We just recently licensed 20 new hams at the December HamCram. When you hear that new ham on the repeater take a few minutes to say hi and make him or her feel welcomed. Let's all R-E-M-E-M-B-E-R when we were the new ham – and be encouraging and supportive. Some of us were a little nervous the first time on the air.

73 – See you at the December, uh... I mean JANUARY meeting!

John, NZ6Q

ANNUAL GENERAL MEETING ANNOUNCEMENT THURSDAY, JANUARY 10th 7:30 PM

QST QST QST... The first meeting of 2019 will be held on January 10th 2019 at 19:30 hours at the Amblers Club, 2000 Amblers Lane, off Country Club Blvd, west of Interstate 5. Doors open at 7:00 PM for Meet-n-Greet and the meeting begins at 7:30.

The Amblers Club bar offers beer and wine for purchased during the meet-n-greet. No alcohol purchases during the meeting please. Coffee and refreshments will be provided.

The Annual General Meeting is held the first regular meeting date of each year as required in the club by-laws. The Board will report on club financials, membership, attendance and future events planned for 2019. The Board will present their requested schedule of dues for 2019 for the membership to approve. Also any new appointments or chairmanships will be announced.

Following the business meeting, Phil Cook from San Joaquin County EMS Agency will be speaking on the registration of Amateur Radio Operators as Disaster Health Volunteers. This will be an important and interesting meeting.

Time permitting the club will hold a raffle at the end of the meeting.

OCTOBER 2018 MEETING REPORT OCTOBER 11th 2018

The October 2018 meeting was held at The Amblers Club, starting at 7:00PM. Several members met prior to the meeting for dinner at Mountain Mike's Pizza and a few came early to share a libation and fun at the bar. The meeting was held jointly with the Lodi Amateur Radio Club so that the speaker could be enjoyed by members of both clubs.

On the business meeting agenda, John **NZ6Q** started the meeting by having members introduce themselves. We welcomed members of the Lodi Amateur Radio Club who joined us for tonight's program. October is the meeting where officers are nominated for the next year. The only office which saw a challenge was Annie **N6ACL**'s nomination for Secretary – the position currently held by Eric **W6INP**.

Nominations will remain open until the November meeting and vote.

John NZ6Q	President	
Mark W6SXA	Vice-President	
Paul KC6RRR	Treasurer	
Eric W6INP	Secretary	or – Annie N6ACL

Member at Large and Call Sign Trustee board positions ARE affirmed by club vote in the January AGM after being appointed by the new board.

Our Treasurer Paul KC6RRR reported our bank balance was in good shape, our membership number stands at 70 and there were no new bills to pay.

After the short business meeting, Rob Fenn, **KC6TYD** presented a very interesting program on the Parachute Mobile Operations, its history and future. There was a tremendous amount of interest by the members and lots of great discussion. Parachute mobile certainly is a very cool activity.

At the end of the meeting, there was no raffle to allow additional time for questions.

Check out the club history page on our website at

<http://www.w6sf.org/sdarchistory.html>

Shortwave Dedicated To Amateur Radio

In Lebanon, Tennessee, there's shortwave radio station, WTWW. Running three, 100KW transmitters. The station's owner, Ted Randell, hosts a 24/7 oldies format. All the ads are ham related. MFJ, Yeasu and Icom are some of the many companies plugging their gear.

Scheduled programming also includes shows like QSO Radio Show, Ham Nation Live and Amateur Radio Newline.

While the live broadcast can be heard on shortwave 5.085 MHz, it is also steamed on the internet in full range stereo audio when band conditions aren't great. Works great as a cell phone app as well.

This is a radio station that brings back the good old days of AM and it's all geared toward amateur radio. Ted Randall is WB8PUM and has been in the broadcast industry his entire life.

I'm sure there's something there you will enjoy and frequent often.

K6KJQ, Glen

November 2018 Meeting Report

The November 2018 meeting was held on November 8th at The Amblers Club, starting at 7:30PM. A few members came early to share a libation and fun at the bar. .

John **NZ6Q** started the meeting by having members introduce themselves. We began the meeting with a brief update from Ed **N6XMA** and Mark **W6SXA** on preparations for the 2018 Run Against Hunger coming up on Thanksgiving Day. Assignments and scheduling were discussed and a completed Incident Plan should be out to those who volunteered by the week of the event.

On the 2019 Election of Officers, the only office which saw a challenge was Annie **N6ACL**'s nomination for Secretary – the position currently held by Eric **W6INP**. Prior to calling for a vote, Eric decided to withdraw his nomination leaving Annie running unopposed. There were no new nominations for any of the Board positions. Nominations were closed and the officers for 2019 were voted by a show of hands.

Your 2019 Board Members are:

John NZ6Q	President
Mark W6SXA	Vice-President
Paul KC6RRR	Treasurer
Annie N6ACL	Secretary
Charlie WB6NVB	Call-Sign Trustee
Bob N6TCE	Member at Large

Standing Committee Chairs:

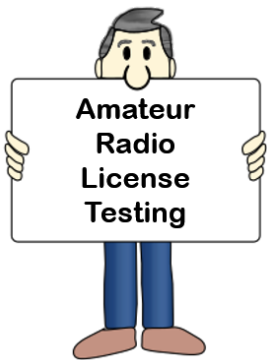

Ed N6XMA	Events
Annie N6ACL	Membership

The December Meeting/Year-End Celebration was discussed being held at Chuck's on Pacific Ave. The Event Committee reported that they would serve a full prime rib dinner for \$20.00 per person inc tax and tip and Ed N6XMA had donated for the cost of the room. The club also voted to spend up to \$400.00 in support of prizes for the raffle. After the short business meeting, Ron KG7OR presented a very interesting program on the email spam, phishing and spoofing and how to protect your station computers from potential internet hackers. A lot of information was shared and there were lots of good questions.

CLUB MEMBERS SCORE ON VHF!

Club members, John K6YK and Dave N6LHL, received notice of their results in the ARRL June 2018 VHF Contest. Operating from a tall hill in Amador County, they scored 3,036 points to win First Place in the Sacramento Valley Section and Second Place in the Pacific Division. Despite bailing off the hill early due to a totally unexpected thunderstorm, this was a win and a fun way to spend a day chasing VHF contacts.

New General Class Question Pool Released, Effective July 1

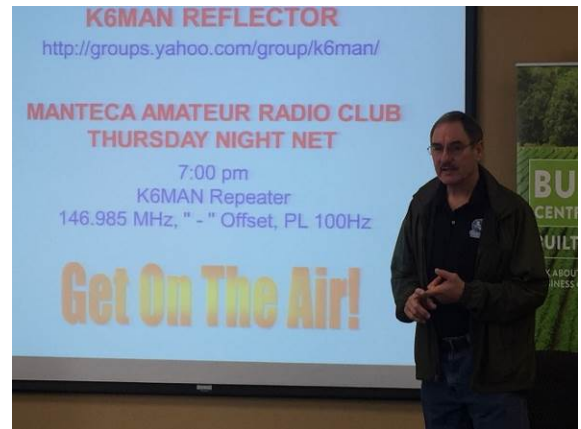

The National Conference of Volunteer Examiner Coordinators (**NCVEC**) Question Pool Committee has released the 2019 – 2023 FCC Element 3 General Class Question Pool into the public domain. The 2019 – 2023 General Class (Element 3) Question Pool is available in **Word**, **ASCII text**, and **PDF** versions. The new Question Pool is effective for Element 3 exams administered on or after July 1, 2019. The Question Pool Committee also released on January 6 a revised diagram Figure

G7-1 (**PDF**) (**JPG**), as part of the new Element 3 Question Pool.

— Thanks to NCVEC Question Pool Committee

HAM-U
SATURDAY, MARCH 16TH 2019
FIRE STATION #2
110 W SONORA ST, STOCKTON, CA
95202
8:30 AM TO 3:30 PM

The next session of Elmer University, now called "HAM-U" is scheduled for March 16th at Fire Station #2 Copsey Hall. This is where the newcomer begins the journey of discovery and the seasoned veteran keeps informed of the latest technology in this huge hobby we call Amateur Radio. Regardless of where we are on our ham radio journey our local radio club is where we find our friends.

The term "Elmer" means someone who provides personal guidance and assistance to would-be hams. The term first appeared in QST in a March 1971 "How's DX" column by Rod Newkirk, W9BRD (now also VA3ZBB). Newkirk called them "the unsung fathers of Amateur Radio."

Stockton-Delta Amateur Radio Club, the Manteca Amateur Radio Club and the Lodi Amateur Radio Club want to help teach new hams how to get started and offer this "personal guidance".

These sessions are an opportunity for the new and experienced ham to discover some of the many opportunities there are in Amateur Radio to "find your world". There are also opportunities just to ask questions and get on the air.

Elmer University starts with a 30 minute "session-overview." This is followed by break-out sessions of various topics such as "Using DMR" "Digital Modes", "Building Go-Boxes", "Morse Code Basics", "Understanding & Building Antennas", "Ham Radio Contesting", "Good Operating Practices" and more depending on the volunteer instructors. The day concludes with a Q&A panel made up of several of the instructors. Attendees may select those sessions which are of most interest to them.

During the day, radio programming help and radio testing will be available to those who want assistance in programming or to check out their radio. Bring your radio.

There is ample parking at the Fire Station but we ask you to be mindful of "no parking" areas especially around the apparatus bay. Elmer University is held in one of the classrooms behind the training ground (mock city street). Register for Elmer University by clicking on the link below.

SATURDAY, MARCH 16TH, 2019
FIRE STATION #2
110 W SONORA ST, STOCKTON, CA 95202
8:30 AM TO 3:30 PM

MONDAY NIGHT NET CONTROL OPERATOR'S SCHEDULE

The club holds a weekly net every Monday night beginning at 8:00PM on the **W6SF** Repeaters on 147.165Mhz VHF and 444.250Mhz UHF. Club Repeater information is listed at the end of the newsletter.

If you would like to learn how to be a Net Control Operator, contact one of the club Officers! We will happily mentor you during a Monday night net. This is a great opportunity to improve your operating skill in a "minimal" pressure environment. The Schedule and Net Control Script are available on the club website at....

<http://www.w6sf.org/netcontrolscript.html>

If you have a conflict, please contact Dave **N6LHL** as soon as possible in order to secure a replacement.

HamCram December 8th Results Fire Station #2

The December HamCram was held on Saturday, December 8th at Fire Station #2. Thanks again to the Fire Department for hosting these opportunities for people to get their Amateur Radio License.

Please welcome the following new hams and upgrades to new privileges when you hear them on the air!

New Technicians:

Cindi Heller -- KM6YMA
Marcos Hernandez -- KM6YMF
Karl Keller -- KM6YMH
Eduardo Munoz-Gutierrez -- KM6YML
Timothy Monahan -- KM6YMN
Lawrence Wakefield -- KM6YMP

Jacquelyn Archambault -- KM6YMC
Bryan Fechter -- KM6YMG
Paul Valverde -- KM6YMK
Bryson Yaeger -- KM6YMM
Gregory Moore -- KM6YMO

New Generals:

William Beck -- KM6YMB
Kevin Belcasto -- KM6YME

Catharine Crayne -- KM6YMD
Linh P Dinh -- KM6YMI

The following licenses have been successfully upgraded:

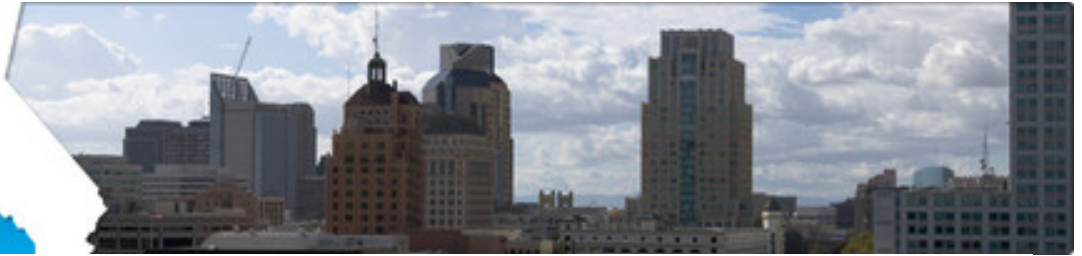

Nicholas Patterson -- W6NLP -- General
Truman Allen -- KM6NFU -- General
Steven Palm -- KM6HGR -- General
John C Sims Jr, -- N6JCS -- Extra Class

Next HamCram is....

GREAT CALIFORNIA SHAKE-OUT OCTOBER 18TH AT 10:18 AM

The Stockton-Delta Amateur Radio Club joined hundreds of other volunteer radio groups statewide to participate in the 2018 Great California ShakeOut Earthquake Preparedness Exercise.

Club members and other local hams checked in on the W6SF repeater on Thursday, October 18th AT 10:18 AM. Ed, N6XMA was our net control station. The exercise took about 15 minutes to get through all the check-ins. Several stations checked-in with mock "damage assessments" and gave reports on the response capabilities of their station.

You can listen to the net on the following link to a recording made by Dennis AD6DM.

https://ad6dm.net/log/10182018_101807/

14th Annual Run & Walk
Against Hunger

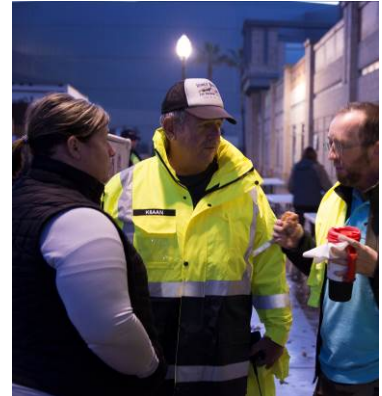

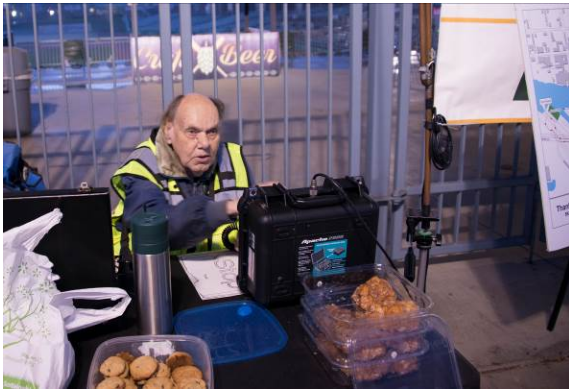

Thanksgiving morning,
November 22, 2018

RUN AGAINST HUNGER THANKSGIVING DAY 2018

The 14TH Annual Run and Walk against Hunger was held on Thanksgiving Day Morning in Downtown Stockton. The Weber Point park area along with the Stockton Arena, Banner Island Ball Park and Waterfront Hotel parking lots were filled with a sea of excited walkers and runners by 8 AM this cold morning.

The communications team gathered starting at 6:15 AM prepare and be on the course before Stockton PD would shut down the streets for the event. Over 2900 people participated in the Run/Walk this year flooding the downtown streets immediately following the 8:30 start. Ed **N6XMA** along with Sierrah **K6WYF** were our Net Control Operators. John **NZ6Q** handled the role of Communications IC and Paul **KC6RRR** was our Liason Officer. New this year was Paul **N6KZW** on bicycle Rover along the course.

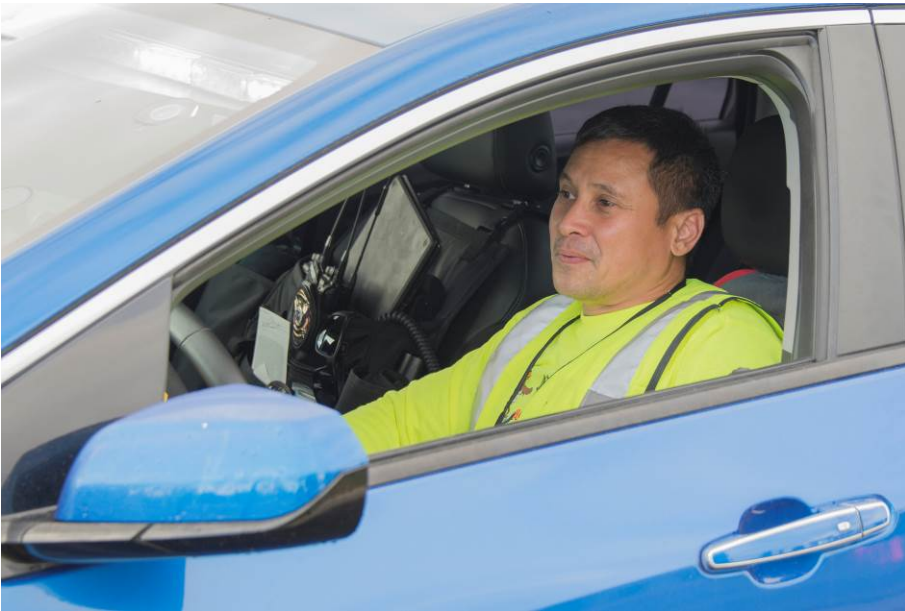

Overall the event was textbook use of Amateur Radio to support the safety and welfare of those involved. A set of keys were found and turned in to NCS during the event – We turned them over to the race officials, and after a couple of announcements they were returned quickly to their rightful owner.

Thanks to the long list of volunteers who made the event happen. Paul **KC6RRR**, Ed **N6XMA**, Paul **N6KZW**, Eric **W6INP**, David **AA6HO**, Roxane **KJ6DDG**, Cecil **KK6QXQ**, Gayle **KK6RAO**, Jeff **KJ6RHF**, Dave **N6LHL**, Mark **W6SXA**, Mike **K6AAN**, Brent **KM6IKB**, Sierrah **K6WYF**, Brent's daughter (license coming soon) also helped, Kyle **K6KDD**, Tom **KJ6OVM**, Guy **W6MSU**, Jene **KI6DC**, Monica **KM6RXM**, Jamison **AJ6AP**, Duztyynn **KM6HDY**, Bob **N6TCE** and Dan **N6ZDH**.

Next year's 15th Run/Walk promises to be bigger and better. Plan now to volunteer and sign up. With the coming of AREDN and mesh network Digital TV there are some new technologies we can offer here, and at other events we support.

CHRISTMAS PARTY / YEAR-END CELEBRATION

DECEMBER 13TH 6:00 PM

CHUCK'S ON PACIFIC

Fantastic Christmas Party! And not just because your Pres and newsletter editor came home with a sweet new radio. But the fellowship and fun were non-stop.

First – GREAT JOB to Annie, **N6ACL** for coming up with the Christmas Tree and Stockings decorations and big thanks to Robyn **KG6ZYQ**, Karen **K6KSO** and others who helped set up the event.

Second – Thank you to Paul **N6KZW** and Dan **N6ZDH** for the picture show and cracking the code on the big screen projector which lit up the entire wall with pictures!

Thank you also to Paul **N6KZW**, Dan **N6ZDH**, Jeff **KK6VXB** and many others who donated a bunch of great prizes for the raffle!

Third – Well done Mr Ed, **N6XMA** for the holiday music, and for donating the cost of the room so the club didn't have that bill to pay. And well done to Steve and the crew from Chuck's on the delicious food!

Finally – Thank you each and every one of all of you that attended! Nearly 70 people! We had a lot of fun – we had a lot of stories – we had a lot of people win prizes. What was your favorite moment? I think mine was when

Mike **W6MRM** (who never wins anything) won a brand new dual band mobile and when Marcos **KM6YMF** who just got his license on Saturday also won a Baofeng UV5-R Portable!

Lots more pictures will be posted on our website!

See you all at the AGM in January!
